

## Review

- Plant-derived Monoclonal Antibody Production: Historical Developments, Technological Advancements and Future Prospects ..... 147  
Keunbeom Youk, Yejin Hwang, and Kisung Ko
- Optimization of Induction and Culture Strategies for Calli with Stem Cell-like Features for the Production of Functional Natural Products from Korean Native Plants: Case Studies Involving *Artemisia*, *Ixeridium*, and *Perilla* ..... 161  
Seon Hwa Lee, Kang Mo Ku, Ju Bin Cho, and Woo Suk Cho

## Research Reports

- Effects of Elevated CO<sub>2</sub> on Saponin Accumulation of *Panax japonicus* are Associated with Changes in the Carbon and Nitrogen Balance ..... 179  
Xiao Wang, E Liang, and Xiaohui Song
- Influence of the Plasma-Activated Water Process Time on Germination, Growth, and Secondary Metabolite Accumulation in Radish Sprouts (*Raphanus sativus* L.) ..... 193  
Sunwoo Kim, Seungwon Noh, Sungjin Kim, Seungyong Hahm, Byungjun Kim, Yongjae Lee, and Jongseok Park
- Biofortification for Radish and Pea Microgreens in Plant Factory: Effects of Different Selenium Concentrations in Nutrient Solution ..... 211  
Sen Yuan, Yuqi Zhang, and Wenke Liu
- Improving Smart Farm Heating Performance and Energy Efficiency by Means of AI Data Center Waste-Heat Recovery ..... 224  
Siwon Yoon, Seunghyi Kang, Seungwon Seok, Junwoo Moon, and Sewoong An
- Identification of a Novel Major QTL on Chromosome 5 Controlling Female Flowering Frequency in Watermelon ..... 236  
Dong-Hyeon Min, Yoon Jeong Jang, Yong-Jae Kim, and Gung Pyo Lee
- Analyzing Greenhouse Heating and Ventilation Scenarios for Temperature Setpoint Violations and Energy Usage by Means of an EnergyPlus Simulation ..... 249  
Yoel Kim, Juyeon Park, Kwangbok Jeong, Hyeonji Park, Nayoon Choi, Soo Hyun Park, Do Yeon Won, and Hyun Kwon Suh
- Eggplant (*Solanum melongena* L.) Growth and Physicochemical Characteristics of Coir Substrates Used for Hydroponic Cultivation ..... 266  
Ji-Hee Jeong, Seo-A Yoon, Ba-Ul Ko, Hyo-Jun Bae, Ho-Cheol Kim, Yang-Gyu Ku, Se-Woong An, Chul-Min Kim, and Jong-Hyang Bae
- Comparative Genomic Analysis and Expression Profiling under Cold Stress of NAC Transcription Factors in *Rosaceae* ..... 279  
Hyeon Su Hwang, Hye Jeong Cho, Minseok Lee, Jun Hyeok Kim, and Seungill Kim

# 목 차
